## Installation

### Warning

Rider and passenger safety depend upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a qualified technician perform the installation. Improper installation of this kit could result in death or serious injury.

1. Remove the seat and all necessary parts to disconnect the negative battery cable from the battery.
2. Remove the left side cover to locate the Parts & Accessories connector. Shown in **Figure 1**.
3. Plug in the 25+ Softail Parts & Accessories Y-Harness onto the motorcycle. Now you can plug in multiple accessories to the motorcycle.

### Note

For more than two accessories you can use additional CD-25ST-Y Harnesses (**sold separately**).

4. Reconnect the negative battery cable to the battery and all necessary parts. Reinstall the left side cover and seat.
5. Test accessories that are plugged into the Custom Dynamics® 25+ Softail Parts & Accessories Y-Harness for proper operation.
